

**DRIVER’S LICENSE AND MOTOR VEHICLE REGISTRATION STOPPER
FREQUENTLY ASKED QUESTIONS**

1. What is a driver’s license or motor vehicle registration “stopper”?

A license stopper prevents a motorist from acquiring a new driver’s license or renewing the license until there is a satisfactory resolution of the traffic citation. Prior to the enactment of Act 59 (2020), which became effective November 1, 2020, the Court was required to place a “stopper” on an individual’s driver’s license record whenever the individual failed to pay the total amount ordered by the court for a civil moving or equipment traffic infraction within thirty (30) days. This license stopper would prevent the motorist from acquiring or renewing a driver’s license. A similar registration “stopper” would be imposed if a registered owner of a vehicle was issued a citation and failed to pay the monetary assessment. The registration stopper would prevent the owner from obtaining or renewing the annual car registration or from transferring ownership of title of the vehicle until all citations issued on the vehicle have been satisfactorily resolved.

2. Where do I obtain a traffic court report showing all my citations, including parking and equipment citations?

A traffic court report (sometimes called a “complete” abstract) is provided as a convenience to individuals who want a case record history that includes equipment and parking citations in addition to the information contained in the traffic abstract.

The traffic court report is provided only to the individual in person at any District Court, after verification of identity with a picture ID. Traffic court reports may not be ordered by mail.

Each traffic court report costs \$1.00 for the first page and 50¢ for each additional page.

3. Where should I file my motion for the removal of my driver’s license and/or motor vehicle registration stopper?

You should file your petition at a district court in the county and division where the citation was issued. This can be done via mail or in-person. A list of district courts is included under Question #2.

If you would like the court to mail its signed order back to you, if your motion is granted, then include a self-addressed stamped envelope with your submission.

4. What does HRS § 291D-12 mean?

HRS § 291D-12 is titled ‘Powers of the district court judge sitting in the traffic division.’ As of November 1, 2020, pursuant to Act 59 (2020), this statute allows district court judges to remove driver’s license stoppers and/or motor vehicle registration stoppers for eligible court judgments. To read the full text of the statute, please visit the following website:

https://www.capitol.hawaii.gov/hrscurrent/Vol05_Ch0261-0319/HRS0291D/HRS_0291D-0012.htm

5. Does HRS § 291D-12 apply to me?

Beginning November 1, 2020, qualified individuals may petition the Court to lift any “stoppers” and/or any restrictions that prevent you from obtaining or renewing a driver’s license and motor vehicle registration solely due to failure to pay monetary assessments imposed under H.R.S. § 291D. However, lifting any stopper(s) and/or restrictions does NOT discharge

outstanding fine/monetary assessments owed, community service work hours due, and/or jail sentences. This statute shall not have any effect on driver's license suspensions related to excessive speeding, lack of motor vehicle insurance, or noncompliance with a child support order.

Please consult an attorney and/or legal service provider in your community to better understand how HRS § 291D-12 may allow qualified individuals to remove driver license stoppers and other restrictions from eligible court judgments.

6. What if I have a combination of tickets that have stoppers that cannot be removed pursuant to HRS § 291D-12?

District Court judges may only consider removing driver license stoppers from eligible court judgments resulting from traffic citations. Please consult an attorney and/or legal service provider in your community to better understand how HRS § 291D-12 may allow qualified individuals to remove driver license stoppers and other restrictions from eligible court judgments.

7. Is there a form I can use to request the court to remove the license stopper(s)?

Beginning November 1, 2020, qualified individuals may request the Court to remove driver license stopper(s) from eligible court judgments. If you check off these considerations, you may be eligible to use the following form motion.

- I will obtain a traffic court report within thirty (30) days of filing this motion;
- I will file the motion in the county and division where the citation was issued.
- I will file a separate motion for each Case ID/Citation Number that issued.
- This citation is NOT for a traffic crime; and
- I do NOT have any outstanding driver's education requirements.

8. Is there a filing fee?

No.

9. Is the driver's license stopper removal program available statewide?

Yes.
